## USE OF THE RAYS

---

Everything is made up of frequencies (different vibrations) of energy as are each of the twelve rays now on earth. Working with each Color Ray Frequency you can assimilate the frequency while clearing blocks and boundaries leading to your ascension. Know that you already work within all the frequencies already and this information is provided as a tool for your conscious choice to move beyond all limitation and into the Unity Consciousness.

I offer meditations as an example to call on the Rays for transformation. Please change the wording as you feel called to for yourself. It helps to be in a meditative state, with your heart open, when you invoke the energies of the Rays for transformation.
