Let us connect now to Beloved Lord Buddha and to the Three-Fold Flame within the Heart of Lord Buddha, and the Heart of Shamballa - the everlasting Flame held in the etheric temple that is the seat of government for this planet.

We call forth to the I AM Presence which is connected in to each of our three-fold flames within our hearts and ask for blessings and outpourings of light from the Heart of the Presence.

In Melchizedek's Universe there is full intelligence. There is divine intelligence presiding over every thing in all worlds. Within us there is a devic presence overlighting every organ, gland, chakra, cell and system of our bodies. And within the heart there is not only a deva overlighting the heart and circulatory system of the physical body, but there is an angel overlighting the three-fold eternal flame within our heart.

We call forth to Beloved Lord Sananda to bless and activate now the Three Angels of the Heart. Within our hearts is the three-fold flame that is the same as the 3-fold flame at Shamballa. For this activation, go deeply now within the heart. Know that it is a replica of the heart of GOD and therefore it contains an infinite number of chambers. It is infinite as Is the Heart of GOD. Go into a chamber that you can access now, knowing that there are many more that you will access later.

We ask Lord Sananda to activate the Angel of Love within the heart. The Flame is the color of Pink and the angel is the color of pink.

We ask Lord Sananda to activate the Angel of Wisdom within the heart. The Flame is the color of Gold and the angel is the color of gold.

We ask Lord Sananda to activate the Angel of Power within the heart. The Flame is the color of Blue and the angel is the color of blue.

We call forth to the Golden White Ascension energies, the energies, frequencies and colors of the planetary Waves of Ascension, and the energies, frequencies and colors of the 12 rays of Creation and ask these energies to come in and ignite the Three-Fold Flame within our heart in order to raise our vibratory rates.

We call forth to Lord Metatron to infuse the Three-Fold Flame within our heart with the frequency and color of the Platinum Ray. Feel the touch of platinum joining with the pink, with the gold and with the blue.

We call forth to The Mahatma and ask to infuse the Three-Fold Flame within our heart with the frequency and color of the Rainbow White Light of Synthesis. Feel the touch of rainbow white joining with the pink, with the gold, and with the blue.

We call forth to Divine Mother and ask for the silvery platinum-pink of Her frequency and color to join with the pink, with the gold and with the blue.

We call forth to Divine Father and ask for the platinum-blue-gold of His frequency and color to join with the pink, with the gold and with the blue.

We call forth from Divine Mother and ask to come into Full Resonance with Her Three-Fold Flame.

We call forth now to GOD and ask with all of our heart and soul and mind and might, that if this prayer be in harmony with Your Will, we ask that you supply this heart which is really Your Heart - with an activation from Your Clear Creative Light of All That IS directly as a current of the Love of GOD, the Wisdom of GOD and the Power of GOD directly into our hearts for an explosion into the ThreeFold Flame within the Heart. We ask this for Heart Illumination so that we might let go of all discordant feelings, all feelings of division, separation, judgment, pain, sadness, and suffering - everything and anything that keeps us feeling separate from You. We ask this so that we can Unconditionally Love YOU, Love Your Creation, Love the Masters and Angels, Love our planet, and Love our Selves even more and with this love set our hearts free forevermore.

Amen.
