Animal Mentorship Program

"Nothing's perfect," sighed the fox. "My life is monotonous. I hunt chickens; people hunt me. All chickens are just alike, and all men are just alike. So I'm rather bored. But if you tame me, my life will be filled with sunshine. I'll know the sound of footsteps that will be different from all the rest. Other footsteps send me back underground. Yours will call me out of my burrow like music. And then, look! You see the wheat fields over there? I don't eat bread. For me, wheat is no use whatever. Wheat fields say nothing to me. Which is sad. But you have hair the color of gold. So it will be wonderful, once you've tamed me! The wheat, which is golden, will remind me of you. And I'll love the sound of the wind in the wheat..."

The Course

This is an all-in-one course that will enable you to function as a Healer on many different levels to members of the Animal Kingdom. It has been designed to amplify your natural abilities, since we realize that anyone looking to help animals already has the correct mindset towards all the sentient Beings sharing earth existence right at this moment.

The Animal Mentorship Program encircles a series of practices and techniques to improve your reach and access to the Animal Kingdom, Animal Guardians, Totem Animals, and Beings of the Angelic Realm.

The mentorship Model follows three distinctive areas: the understanding of animal life and their interaction with Humans; animal healing techniques, which are practical skills in specific vibrational therapies for animals; and animal communication skills, which will open an entire new "universe" that will not only shift your perspective, but will open your vision to many different aspects of life you never experienced before.
