

Kuan Yin
Intunement

Introduction

Kuan Yin is the bodhisattva of compassion and she is the feminine energetic counterpart of the Buddha. They are both transcendental beings that hold the vibration of ascending energies and expansion of the heart field. The Intunements in this eBook have the clear objective to syntonize the frequencies of one's energetic template for the receiving of the Wesak Blessings. Wesak is one of the Human/Cosmic festivals that are very important and widely observed by those that are trailing the path of self-realization and liberation of the Wheels of Karma, or Ascension.

During the days before Wesak, we suggest a series of conscious meditations and changes in lifestyle behavior to deepen the tuning with this magnificent opportunity for enlightenment, expansion and universal help for all. It is said that during the Wesak Festival, most of the ascended masters take upon a physical 3D vehicle and together, through the Light of the Buddha, they alleviate the heavy karma of the sentient beings inhabiting this planetary dimensional state.

During this spiritual festival, we are called as World Servers to cultivate the eternal Sacred Flame of Life. Master DK teaches us, through the writings of Alice Bailey, The Great invocation, which awakens the forces of Light to continue in their mission to release this planetary

being and its sentient beings from the bonds of suffering, pain and unhappiness.

The Great Invocation

A Mantram for the New Age and for all Humanity

*From the point of Light within the Mind
of God,*

*Let Light stream forth into the minds of
men.*

Let Light descend on Earth.

*From the point of Love within the Heart
of God,*

*Let love stream forth into the hearts of
men.*

May Christ return to Earth.

*From the center where the Will of God is
known*

Let purpose guide the little wills of men.

*The purpose which the Masters know
and serve.*

*From the center which we call the race
of men*

Let the Plan of Love and Light work out

*And may it seal the door where evil
dwells.*

*Let Light and Love and Power restore
the Plan on Earth.*

Reverential Posture

Before you start any of the Intunements suggested here, make time to prepare all your energy centers to receive the Blessings hidden in these practices. Try to make sacred every moment of your day during this preparation, bless your food, the water you drink, and activate your heart trine flame so that everywhere you go, you will be the pillar of Light for others, radiating out through you the Wesak Blessings.

Then recite 100 times:

NAMO KUAN YIN Y JU

Finish by breathing out three long
resonate

OM

The mantra **OM MANI PADME HUM**, is easy to pronounce, but nevertheless, it is

very powerful because it contains the essence of the entire dharma teaching.

Much has been written about this mantra and it is striking that only six syllables may attract infinitude of important comments.

According to the Dalai Lama, the purpose of reciting this mantra is to

transform impurities of your bodies (all of them, including the physical one)- body, mind and spirit - into purity in ourselves that aligns us with the divine mind of Buddha.

The sound of each syllable is seen as having a spiritual parallel. They are seed sounds: more than a word they are vibrations which are utilized all over the

universe to various tasks of creation, purification and transmutation. These seed words are frequencies of Light that when recited are automatically weaved inside of our energy system.

To make the sound of each syllable is to align yourself with that particular spiritual quality of vibration, bringing it into your personal matrix and self-attuning to it.

There are also a large number of other benefits that result from repeating this mantra, including the production of merit and destruction of negative karma.

OM - The first syllable, reciting it blesses the chanter, helps to achieve perfection in the practice of generosity.

MA - Helps to improve the practice of pure ethics.

NI - helps achieve perfection in the practice of tolerance and patience.

PAD - Helps achieve perfection in the practice of perseverance.

ME - Helps achieve perfection in the practice of concentration.

HUM - Help the attainment of perfection in the practice of wisdom.

The Path of the Six Perfections is the path of all Buddha's. Each of the six syllables eliminates one of poisons of human consciousness.

OM - Dissolves pride.

MA - Liberates jealousy and lust.

NI - Consumes passion and desires.

PAD - Eliminates damage and stupidity.

ME - Liberates poverty and possessiveness.

HUM - Consumes aggression and hatred.

Evocation of the Sword of Mercy¹

Sit with your back straight, in a peaceful place, with soft music and incense if you wish.

Focus on the presence of God that is within you [his immortal Threefold Flame] and on behalf of the I AM presence and your Holy Christ Self invoke Kuan Yin and her sword of mercy.

Stand up and visualize your heart glowing with the fire of mercy: pink-violet. Place your right hand over your heart and unsheathe the Sword of Mercy. Wield this ray as a sword and point it toward the core of the problem, difficulty or obstacle you are facing right now in your life.

Feel the action of the power of mercy flowing incessantly to balance mind and feelings, and to transmute all. See everything becoming righteous.

¹ This meditation was adapted by a meditation of the Summit Lighthouse

Meditate on the sword and view its penetrating action and all consuming. Let the Flame perform its work.

Speak aloud:

O beloved Kuan Yin, hold now this sword with your flame of forgiveness, truth, mercy and freedom.

Become my right arm through the scepter of power in the world and bestow your grace upon my heart.

(Make your personal prayer)

May the booming mercy of the altar of your ashram above Beijing, expand by now my right arm and my heart through this living flame sword.

May all the sons of the Earth now be touched by Your Merciful radiation of Compassion, Healing and Grace.

I know that the fire of mercy dissolve all fears, quenched the fire of our emotions, will stop the rioting masses and soften the problems and concerns of our youth.

I Place all my requests under the will of God and only to God's will. In the name of the Father, Son, Holy Spirit, ayam, ayam,

ayam.

Keep the sword again in your heart, and express thanks for the Grace received.

Sit and stay a while in meditation, while viewing pleasure and the joy of grace already achieved.

Namaste
